

Public Health Nursing - Contact Details (PHN hubs)

We have been working to improve the way our service is structured to make it easier to access the service and improve responsiveness and equity of service.

This involves the establishment of 4 community hubs for Public Health Nursing (Health Visiting and School Nursing) in Devon.

The hubs are a single point of contact for families and professionals for all Public Health Nursing Services across a specified geographical area. They bring together clinicians and administrative processes for phone advice, scheduling appointments, and triaging referrals and information received. Clinical service delivery continues to take place in local areas where many practitioners remain based but they will no longer be contacted via local bases.

The **Southern** hub covers the areas of Teignbridge (Newton Abbot, Teignmouth, Dawlish, Exminster, South Dartmoor and Teign Valley), South Hams (Ivybridge, Yealmpton, Modbury, South Brent, Totnes, Dartmouth, Kingsbridge) and Tavistock

The **Exeter** hub covers the whole of Exeter City, Crediton and surrounding areas including Newton St Cyres, Upton Pyne, Branford Speke, Thorverton, Shobrooke, Cheriton Fitzpaine, Coplestone, Yeoford, Lapford, Bow, Morchard Bishop, Cheriton Bishop & Chawleigh

The **Eastern** hub covers the areas of East Devon (Cranbrook, Clyst, Ottery St Mary, Seaton, Axminster, Honiton, Exmouth, and Sidmouth), Tiverton and Cullompton.

The **Northern** hub will cover the areas of Torridge (Bideford, Holsworthy, Torrington), North Devon (Banstaple, Braunton, Ilfracombe, South Molton) and Okehampton.
